²Sodium guarantee required only when total sodium exceeds that furnished by the maximum salt guarantee.

Ingredients

Ingredients as defined by AAFCO.

Mixing Directions

Mix 10 pounds of this Type B medicated feed with non-medicated feed ingredients to manufacture one ton of complete (Type C) medicated swine feed containing 400 grams** of chlortetracycline. The resulting Type C medicated feed should be fed to swine for not more than 14 days.

(**Feeding the approximately 400 g/ton Type C feed will provide 10 mg/lb body weight per day)
