¹ Guarantee required only when nutrient added except when the feed is intended, represented or serves as a principal source of the nutrient.

² Sodium guarantee required only when total sodium exceeds that furnished by the maximum salt guarantee.

INGREDIENTS

Each ingredient must be named in accordance with the names and definitions adopted by the Association of American Feed Control Officials.

DIRECTIONS FOR USE

For broiler chickens only;
In feeds containing 0.8% dietary calcium, not to be fed for more than five days;
Not approved for use with pellet binders.

WARNING: Withdraw 24 hours before slaughter. Do not feed to laying chickens producing eggs for human consumption. Not to be fed continuously for more than 5 days.
May be fatal if accidentally fed to adult turkeys or to horses. When handling or mixing SACOX premixes use protective clothing, impervious gloves, eye protection and an approved dust respirator. Operators should wash thoroughly with soap and water after handling medicated feeds and premixes.
