Extent of Obligation & Limitation of Liability Waiver

Zoetis takes great pride in successfully completing shipments domestically and internationally for our customers. In consideration of circumstances beyond our control, we require this liability waiver be read and signed for all of our shipments.

Your business is greatly appreciated!

- a) Zoetis makes no representation or warranty that a successful foaling will result from any breeding. It is recommended that breeders refer to their inseminating Veterinarian when deciding the straws per insemination and make adjustments accordingly. Zoetis is not responsible for accuracy of post-thaw data. Values listed were provided by the collecting Veterinarian at time of transfer to Zoetis. Zoetis shall not be responsible for breed registration; this includes meeting requirements and/or providing documentation in support of registration of offspring.
- b) Zoetis shall exercise reasonable care in storing semen. Aside from the obligation to exercise reasonable care, Zoetis shall not be responsible for acts of commission or omission by Veterinarians who are not employees of Zoetis, and Zoetis expressly disclaims any such liability.
- c) Zoetis shall not be responsible for collection(s) that fail to meet import requirements. Current country specific requirements for import or export will be provided by the customer for consideration prior to shipment.
- d) Zoetis shall not be responsible for loss or accidental thawing of semen which results from storage tank failure, from any act by non-employees of Zoetis who may be retained to transport semen, or from any acts by employees or agents of Zoetis unless such acts constitute gross negligence, or from any other cause beyond the reasonable control of Zoetis. If such event occurs, Zoetis' sole liability will be to return any prepaid fees.
- e) If we are requested to use a vapor shipper other than a Zoetis vapor shipper, Zoetis will not be responsible for any liability to return any prepaid fees.
